Led by Mrs. Nelson and Peace Lutheran teachers, the weeklong [Camp Invention](#) program immerses elementary school children (currently in K-5) in exciting hands-on activities disguised as fun, summer activities. Participants spend their time navigating an island via upcycled ships, learning the power of combining magnetism and electricity, while developing and designing inventions with their peers. Each lesson explores connections among science, technology, engineering, and innovation. Discounts are available for those who register early. Visit www.campinvention.org or call 1-800-968-4332 for more information.

YEARBOOK

If you haven't visited TREERING.COM to create an account to purchase your yearbook, please do so soon. Over 50 yearbooks have been purchased.. You will need our school's passcode. Please do not share that code with people outside our Peace family. You have the option to personalize two pages of your child's yearbook with your own photos! The editing software is very user-friendly. The price is \$12.99 this year, which is a real bargain! You don't need to send yearbook pictures to Mrs. Juszczak. You can upload them directly to the site and mark them for the whole community. If you have any questions, or need the passcode, please contact Mrs. Juszczak by e-mail: sjuszczak@peacebremerton.org.
